EDUCATION

ITMO University   Saint Petersburg, Russian Federation
Bachelor of Computer Science   *Expected 2023*

TECHNICAL SKILLS

C++: STL, Template metaprogramming, Object-oriented programming, Multithreading
Algorithms, data structures: Dynamic programming, Graph algorithms, Strings algorithms, Binary search trees
Mathematics: Calculus, Linear algebra, Differential equations
Other: Git, CMake, Googletest

PROJECTS

std::variant implementation   *C++*   March 2021

boost::bimap implementation   *C++*   December 2020

std::optional implementation   *C++*   December 2020

std::function implementation   *C++*   November 2020

CERTIFICATES

"Computer Science Center" C++ course advanced   March 2021

"Computer Science Center" C++ course   August 2020

LANGUAGES

English: Pre-Intermediate
Russian: Native
